# Big picture storyboard for my project

UX Design Storyboard

**Scenario:** An app that offers gluten-free snacks.

Martin would like to get a snack at Disneyland.

There's many people reading the menu board, so he's using the snack shop's app. He's worried if there will be any gluten-free food.

He's happy because there is a gluten-free section

Martin's ordering his gluten-free food.

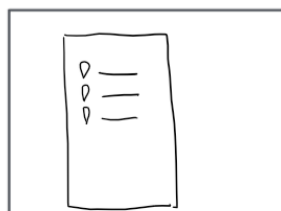

Martin is enjoying his gluten-free food

Close-up storyboard for my project

UX Design Storyboard

Scenario: An app that offers gluten-free snacks.

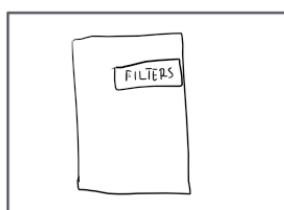

Martin is opening the snack shop app.

Martin's choosing the Theme park he's currently in.

He's choosing the gluten-free section

He's applying any additional filters he needs.

He's choosing his snack
